#### DESCRIPTION

This project provides for community revitalization in the Burtonsville area with primary focus on the commercial core. Project elements will mitigate the impact of transportation improvements to businesses in the Burtonsville commercial area. The objective is to support the existing small businesses and create new opportunities for private investment, as well as, create a "village center" by improving the visual appearance of the area along MD Rte 198 between Old Columbia Pike and Dino Drive.

#### JUSTIFICATION

The project responds to concerns relating to changes in the community resulting from population increases and the road realignment of MD Rte 29 and the widening of MD Rte 198. The project will be coordinated with the construction of the Burtonsville Access Road.

#### OTHER

Plans and Studies: M-NCPPC Fairland Master Plan in 1997; Burtonsville Market Study (2007); the Burtonsville Legacy Plan.

#### OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.
